Description

- ATF MB7 is a high quality fuel-saving fully synthetic automatic transmission oil specially developed for the latest generation MB (NAG-2) 7-speed automatic transmissions. ATF MB7 is backwards compatible to automatic transmissions where a MB 236.12 specification is recommended.
- ATF MB7 is based on special selected high performance synthetic base oil in combination with a special selected EP-additive package to reach to following properties:
 - Excellent thermal- and oxidation stability.
 - Excellent low temperature properties.
 - Good shifting even at low temperatures.
 - High viscosity index.
 - Excellent shifting even after long use.
 - Extended drain interval possible.
 - Fuel saving properties.
 - Excellent protection against the forming of foam, corrosion and wear.
